## PERFORMANCE CURVES: **Tm43**

Discharge pressure: 1.52MPa (gage)

Suction pressure : 0.18MPa (gage)

Sub cool :  $5^{\circ}\text{C}$       Super heat :  $10^{\circ}\text{C}$

## TM43 Features

Oil fill-up plug for better  
inner oil return

Flexible port design  
Easier installation

Lip type shaft seal providing  
ultimate reliability & performance

Compact & robust design enabling  
easy mounting configurations

5 double-headed pistons architecture  
ensuring smooth and quiet operations

Light & Compact, Ultimate Reliability, Highest Performance
