# **Technical specifications: TM55/TM65**

MODEL	TM55	TM65
DISPLACEMENT	550 cm <sup>3</sup>	635 cm <sup>3</sup>
NUMBER OF CYLINDERS	14	14
RANGE	600-4000	600-4000
REFRIGERANT	HFC-134a	HFC-134a
OIL	PAG oil 1500 cc (POE option)	PAG oil 1500 cc (POE option)
WEIGHT	18.1 kg (w/o clutch)	18.1 kg (w/o clutch)
MOUNT	Direct	Direct

TEST CONDITIONSDischarge pressure:1.52MPa (gage)Suction pressure: 0.18MPa (gage)Sub cool :5°CSuper heat : 10°C

# TM55/TM65

# Valeo TM55/TM65 Benefits for Bus and Coach Operators

Best Efficiency :	-High cooling with lower fuel consumption -Save costs with <b>TM55 &amp; TM65</b> equipped Buses
Reliability & Durability :	-"Made in Japan" manufacturing quality standards -Lip type shaft seal design ensuring oil leakage free operation -Balanced design reducing noise and vibrations -Improved durability ensures long-term cost savings
High Cooling Capacity :	-Best cooling capacity at idling (traffic jam, stops,) -Guarantees Passengers' comfort

#### Valeo TM55/TM65 Benefits for Bus Makers

Lightweight & compact :	-Easy to mount & to maintain (oil sight glass, no leakage) -Improved field serviceability -Most challenging integration made easier by design
Balanced 14 Cylinders design	: -Decreased constraints on each valve and pistons -Less stress, improved durability -Robust design and high precision manufacturing -Better reliability with less parts (up to -40% vs. competitors)
Performance-Cost Mix :	-Highly Competitive pricing for better performances

### Valeo TM55/TM65 Benefits for A/C Systems Makers

Perfect Compatibility :	-Great adaptability to any chassis, engines -Natural integration to any A/C systems
Premium Quality product :	-Valeo design ensuring performance & durability -Japan design and manufacturing guaranteed origin
Valeo warranty and Competitive pricing :	-0 defect production quality & skilled experienced staff -Warranty in line with customers standards -Moderate pricing for innovation and quality
